The largest lemon grove in the world  
is at San Diego, Cal. It covers 1,000  
acres.

David Bennett Hill has secured the  
enmity of Dick Crocker. This is cer-  
tainly a compliment to Hill.

The country is not running after  
statesmen out of a job who spend their  
time in tearing down men and policies.  
It is looking out for the kind of men  
who help to push out and build up.

The American people are a business  
people. When they get experience and  
a safe man at the head of affairs,  
they are not going to turn him out and  
hire a green hand. William McKinley  
will be re-elected president.

Lexington, Mass., where the embat-  
tled farmers stood and fired the shot  
heard around the world in 1775, is to  
have a big anniversary, April 19, 1900,  
of that event. A century and a quarter  
will have passed away and preparations

are being made to properly commemo-  
rate this epoch marking event.

All the landlarks that the democrats  
will be able to inaugurate in Nebraska  
this fall wouldn't crush a straw hat.  
They are compelled to whistle and blow  
to keep up their courage but no one really  
believes the statements they make.

THE NEWS gave a telegraphic report  
of the first yacht race to its readers  
within one hour after the boats had  
reached their anchorages, and the sec-  
ond race was reported with equal  
promptness. While THE NEWS does not  
pretend to occupy the telegraph field to  
a large extent, yet when anything of  
importance happens during the day a  
report of the occurrence will usually be  
found in its columns. This is a fact  
worth remembering to a person who  
wants to know what is going on before it  
gets to be an old story.

The fact that Judge Allen has deemed  
it necessary to bring outside endorse-  
ments into his race for judgeship in the  
Ninth Judicial district is taken by many  
to mean that he is in no wise sure of his  
election to the position. These endorse-  
ments were written during his career  
in congress and were in support of his  
work there, but can not be taken to mean  
that he is the only man who can give  
the people of the Ninth Judicial district  
the service they require. The judge's  
persistent desire for office in no way fits  
or will serve to content him with the  
position he is bound to occupy in private  
life at no distant date.

The republicans have never before  
presented to the voters of Madison coun-  
ty a ticket containing so many strong  
names as does the one this year. In  
fact there is not a name on the whole  
ticket that is not worthy the support of  
every man who desires a fair, honest  
administration of county affairs. With-  
out attempting to cast any reflections  
on the candidates of the fusion aggrega-  
tion, we believe that the ticket put up  
by the republicans is a better one in  
every particular. Every man named is  
well known throughout the county, and  
for not one of them need any apology be  
made. All are clean politically and  
personally, and if elected, as most of  
them will be, they will give the tax  
payers of the county an administration  
that will be a credit, as well as one that  
will be economical, conscientious and  
painless.

death of her brother.

bridge about a month ago and severely  
injured, is improving.

Mr. Speece can vacate.

Our farmers have commenced husking

are good this season, and so is the price  
for husking—three cents per bushel and  
board.

"A Heart as Sturdy as an Oak."

But what about the blood which the  
heart must pump at the rate of 70 times  
a minute? If the heart is to be sturdy  
and the nerves strong this blood must  
be rich and pure. Hood's Sarsaparilla  
makes sturdy hearts because it makes  
good blood. It gives to men and women  
strength, confidence, courage and en-  
durance.

Hood's pills are non-irritating and the  
only cathartic to take with Hood's Sar-  
saparilla.

first appears, and you remove the  
great danger of future trouble.
